Purpose: To enable parents and guardians to authorize the provision of emergency treatment for children who become ill or injured while under school authority when parents or guardians cannot be reached.

From Ohio revised code 3313.712 Emergency medical authorization

FIRST AID AUTHORIZATION

In the event of minor injuries at school basic first aid measures are performed. For example, a scraped knee on the playground may be treated with antiseptic wash and a Band-Aid, or a mosquito bite may be treated with anti-itch lotion.

By signing this you are stating that basic first aid measures are agreeable and that you consent to the occasional use of certain over-the-counter medications can be used for your child if they are needed during school hours. School employees or the school nurse will administer these medications if the student reports their basic first aid complaint at school. These medications may include (but are not limited to): **Anti-itch lotion/spray, antiseptic ointments, antiseptic washes/sprays, petroleum jelly, and cough drops.**

This authorization only includes medications that are "stocked" in the school health office,

No oral medications or medication from home will be given to any student without the appropriate physician's orders and parental authorization.

*I release and agree to hold BHCS Board of education, its officials, and its employees harmless from any and all liability for damages or injury resulting directly or indirectly from this authorization.
